

		Kindergarten	First Grade	Second Grade	Third Grade	Fourth Grade	Fifth Grade	Sixth Grade	
Math		Saxon 1 *Counts by 1s, 2s, 5s, 10s, 100s, and backwards *Writing numbers with digits and words *Number sense within 100 *Addition and subtraction *Unit fractions (1/2, 1/3, 1/4) *Counts pennies, nickels, and dimes *Calendar, time, and temperature *Linear measurement, weight, and capacity *Whole number computations *Patterns and sequencing *Data collection and graphing	Saxon 2 *Addition and subtraction *Addition and subtraction with 2 digit numbers (with/without regrouping) *Reading a clock to the 5min interval *Simple fractions *Counting money using quarters, dimes, nickels, and pennies *Reading a thermometer *Ordering 3 digit numbers *Rounding to the nearest 10 *Measuring in inches and centimeters	Saxon 3 *Solidify addition and subtraction facts *Time to 5 minutes *Equivalent fractions *Measurement to 1/4 of an inch *Introduction of multiplication and facts *Add and subtract 3 digit numbers	Saxon 4 *Addition, subtraction, multiplication, and division (up to 2 digit numbers) *Fractions, decimals, mixed numbers, and percentages *Geometry including transformations, rotations, and degrees *Collecting data and graphing *Work problems including missing addends and multi-step problems OR Saxon 3 or Saxon 5	Saxon 5 *Adding, subtracting, multiplying, and dividing whole numbers and money *Unknown numbers in addition, subtraction, multiplication, and division *Place value through trillions *Elapsed time *Factors, prime factors, and greatest common factor *Positive and negative numbers, fractions and mixed numbers on a number line *Lines, segments, and rays OR Saxon 4 or Course I	Saxon Course I *Explore exponents *Square roots *Prime factors *Introduction to coordinate geometry. *Properties of lines, angles, and polygons *Order of operations *Inverse operations Fractions, decimals, and percents *Algebraic thinking *Measurement conversions *Data analysis and probability OR Saxon 5 or Course II	Saxon Course II Evaluate numerical expressions and factors, fractions and decimals, ratios and rates, percents, area, surface and volume OR Course I or Pre-Algebra	
		English Focus is on providing students with an introduction to nouns and verbs.	Shurley English Level 1 Parts of Speech: *Nouns *Verbs *Adjectives *Adverbs *Prepositions Students are also introduced to the declarative sentence type, complete sentence structure and punctuation.	Shurley English Level 2 The focus at this level is to expand knowledge of the previous five parts of speech and to also introduce pronouns. Students are also introduced to the Pattern 1 sentence type as well as the declarative, interrogative, and exclamatory sentence types. Mechanics and further capitalization rules are also emphasized.	Shurley English Level 3 Students expand upon their knowledge of the parts of speech by adding conjunctions and interjections to finalize the 8 parts of speech. Focus is also on introducing the Pattern 2 sentence type. In doing so, students are introduced to direct objects. At this level, students also become familiar with compound sentence structures. Additional rules of mechanics and capitalization continue to be emphasized.	Shurley English Level 4 Focus is on an introduction to the Pattern 3 sentence type. In doing so, students are also introduced to indirect objects. At this level, students also become familiar with run-on sentences. Additional rules of mechanics and capitalization continue to be emphasized.	Shurley English Level 5 Focus is on an introduction to and the classification of the Pattern 4 sentence type, which includes predicate nouns. Students are also introduced to coordinate and subordinate conjunctions and dependent clauses. Rules of mechanics and capitalization are further developed.	Shurley English Level 6 Focus is on introduction to and classification of the Pattern 5 sentence type, which includes predicate adjectives. Rules of mechanics and capitalization are further developed. Students are also instructed in proper research writing techniques. Students end the year by exhibiting their grammatical knowledge through a research paper on the approved topic of their choosing.
